*(link is posted on our FB page and Gator's website)*

- 1) Enter your pin (letter for division plus team number as listed on the team list: i.e. B1, R11, W7 etc.)
- 2) Your team name will be displayed with a picking list for games - select the match you just played & click "Next"
- 3) Select appropriate **score** from the picking list (i.e. "We won 3-0" or "We lost 1:2") & click "Submit **Score**"

[... once a **score** is submitted you won't be able to change it; email me (vb@reto.us) the correct **score(s)** and I'll update it.]

That's it; standings are updated immediately. Please have the other captain do the same.
